Sprayberry Indoor Drumline is an extra curricular program, not connected to any academic class at Sprayberry High School. Unfortunately, due to budgetary limitations, the Sprayberry Band Booster Association will be unable to provide any financial assistance. All registered students are expected to pay fees in their entirety. Failure to fully fund the Indoor Drumline program will result in a program cuts or cancellation. We are pleased to offer a number of fundraising opportunities to help you offset costs.

Student Registration is required to secure your position in the 2024 Sprayberry Indoor Percussion Ensemble.

Registration for the indoor program can be found on the Sprayberry Band website at www.sprayberryband.com/indoor

In addition to the registration forms found online, a physical Cobb County School District permission form will need to be signed and collected.

Any Sprayberry student that has participated in marching band or concert band registration for the 2023-24 season will not need to fill out the medical forms.

Registration will open on November 9th and will close December 5th.

****Registration information will be kept confidential and is managed by the Sprayberry Band Boosters Association.****
